

FIFTY CENTS A MONTH

A small bottle of Scott's Emulsion costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort.

Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Ordinary food frequently lacks this nourishment; Scott's Emulsion always supplies it. Imitations always cost less than the original, hence the substitutes for Scott's Emulsion can be sold for a few cents less. But you're not saving anything when you buy them. Cod liver oil has a market value and you get the pure oil in Scott's Emulsion. That's the difference.

CHRISTMAS comes but once a year,
A time of joy and festive cheer,
Paints, pots and brushes in locker hide;
Away with business cares this Christmas tide.
Our ad man, weary of business toll,
Is feeling good and wears an Xmas smile.
And these words pen while the thoughts enthrall,
A MERRY CHRISTMAS to one and all.

WATSON HAD SOME MONEY

Attorney Achi Had Been Paid Part.

Leon Renaut Discharged From Contempt of Court.

Juen Case Settled—One Defendant Arraigned—Land Titles.

David Watson, libellee in divorce, has filed a motion to decrease the alimony, also the attorney's fees, so that the alimony be \$10 a month and the fees \$50 in all. Deposing, he says that he is about 55 years of age, sickly and unable to perform hard work; that he has no lands, nor personal property of any value, nor money, and that generally he is poor.

This motion had been made orally in court, but Judge Robinson required its presentation in writing. Yesterday morning the continued hearing of Watson's citation for contempt of court in not paying the alimony decreed came up.

Henry Cobb Adams, deputy assessor of Koolau, and Frank Pahia, deputy sheriff of the same district, both members of the road board, appeared as witnesses. They disproved the defense offered by Watson the other day, that they had retained his wages for road work. The money had not yet been drawn from the treasury. It amounted to \$20 and was ordered by the court to be attached, as also was the sum of \$17 which, it came out, Watson had paid to his attorney.

Mr. Achi had told him this money was for court purposes. When called upon by the court for an explanation of this transaction, in view of his former statement that his client had no means of paying alimony, the attorney said he intended to have sued for a writ of habeas corpus if Watson were committed for contempt. To the court's inquiry if he did not know habeas corpus proceedings were free, Mr. Achi confessed his ignorance of the rule as he had never had a habeas corpus case.

Judge Robinson, having ordered the moneys in question paid into court, said the respondent would be discharged upon such payment being made.

E. C. Peters, who appeared for Mrs. Watson, dealt severely in the proceedings with the conduct of the attorney for the libellee.

RENAUT PURGES HIMSELF.

Leon Renaut, sent to jail Thursday evening for contempt of court in refusing to answer questions before the grand jury, yesterday morning appeared in court with his counsel, J. W. Cathcart, and purged himself of the contempt by undertaking to answer the

MOTHERS

should know. The troubles with multitudes of girls is a want of proper nourishment and enough of it. Now-a-days they call this condition by the learned name of Anemia. But words change no facts. There are thousands of girls of this kind anywhere between childhood and young ladyhood. Disease finds most of its victims among them. Some of them are passing through the mysterious changes which lead up to maturity and need especial watchfulness and care. Alas, how many break down at this critical period; the story of such losses is the saddest in the history of home. The proper treatment might have saved most of these household treasures, if the mothers had only known of WAMPOLE'S PREPARATION and given it to their daughters, they would have grown to be strong and healthy women. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In building up pale, puny, emaciated children, particularly those troubled with Anemia, Scrofula, Rickets, and Bone and Blood diseases, nothing equals it; its tonic qualities are of the highest order. A Medical Institution says: "We have used your preparation in treating children for coughs, colds and inflammation; its application has never failed us in any case, even the most aggravated bordering on pneumonia." The more it is used the less will be the ravages of disease from infancy to old age. It is both a food and a medicine, modern, scientific, effective from the first dose, and never deceives or disappoints. "There is no doubt about it." Sold by all chemists here and throughout the world.

questions. He appeared before the grand jury in the afternoon. Whether any of the indictments returned later and placed on the secret file has reference to the suspected case of leakage of grand jury secrets, upon which Renaut was called on the occasion when the contempt was committed, remains to be seen.

ARRAIGNMENTS.

When the grand jury had been discharged by Judge Robinson yesterday afternoon, Leon M. Straus stated in court that, if there was an indictment against Daniel Correa for liquor selling, the defendant was in court and ready to plead. Deputy Attorney General Peters said there was such an indictment, whereupon Correa came forward and pleaded not guilty.

Arraignments of all other indicted persons then under arrest will be held at 10 o'clock this morning.

THE JUEEN TROUBLES.

Satisfaction of judgment has been filed by libellant in the divorce case of Esther P. Juen vs. Harry A. Juen with regard to the division of property. Mrs. Juen sued her divorced husband for restitution of her property which her husband had appropriated.

Yesterday Juen was arrested for swearing at his wife and let go on personal recognizance to answer in the police court this morning.

WHAT THIS MAN SAYS

Only Reechoes the Sentiment of Thousands in Our Republic.

The Honolulu reader is asked to thoroughly investigate the following. This can readily be done as the gentleman whose statement is published below will be only too pleased to give minute particulars to anyone enquiring not out of idle curiosity but if the enquirer really suffers from any of the consequences which always attend weakened or inactive kidneys. Read carefully what this gentleman has to say:

Mr. J. D. Conn, of this city, is a carpenter by trade, and is employed at the Oahu railroad. "I was troubled," says Mr. Conn, "with an aching back. The attacks occurred periodically for years, and especially if I happened to catch cold. There were also other symptoms which plainly showed that my kidneys were out of order. A short time ago, I heard about Doan's Backache Kidney Pills and the wonderful things they were doing.

Proceeding, then, to Hollister & Co.'s drug store, I obtained some of these. Since taking these pills there is a great improvement in me. I always keep some of the pills on hand now so as to be provided for any contingency. I feel sure if anyone troubled as I was should give Doan's Backache Kidney Pills a fair trial they will not fail to be benefited by them."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name, Doan's, and take no substitute.

SAVE BIRDS OF MIDWAY FROM JAPSLAUGHTERERS

Yesterday Governor Carter received from the Department of the Interior, at Washington, a number of documents relative to the birds of Midway and other islands, now being relentlessly slaughtered by Japs. The letter ends with this recommendation: "The only way to effectively prevent the depredations is for a vessel to visit the islands more frequently, arrest the culprits and seize their catch, and I think if a vessel of the revenue marine could be stationed here she could perform the service. The commandant of the naval station has no authority over these outlying islands, though the Midway Islands are by executive order dated January 20, 1903, placed under the control and jurisdiction of the Navy Department. A visit to these islands by the Troquois twice a year would not, in my opinion, prevent the depredations.

"In this connection your attention is invited to a copy of a letter from the Honorable Secretary of the Treasury, recently forwarded to you, in which he states that as soon as practicable a vessel of the revenue marine service will be permanently stationed in Hawaiian waters."

SALVATION ARMY WATCH NIGHT MEETING

Major Millsaps will conduct a watch night service at the Salvation Army Hall, corner Nuuanu and King streets, beginning at 10:30 p. m.

A special meeting is being arranged for Monday evening, January 2, at 8 o'clock. Subject—"Pictures From the Life of Mary and John." Music by brass and string band, also vocal selections. Seats free.

CASE IS UP TO WHITNEY

All Briefs Filed in Pacific Club Liquor Matter.

The decision as to whether the Pacific Club shall be allowed to sell liquor without a license is now up to District Magistrate Whitney—or close to that. Yesterday Attorney General Andrews filed his brief in the agreed case in behalf of the Territory and United States District Attorney Breckons, in behalf of the attorneys for the club, filed a supplemental brief.

Mr. Andrews, in the document filed by him, sticks close to the law and the decisions upon the point at issue, ignoring the claim made by the opposition in their brief that the matter has already been passed upon by having been ignored by officers of the republic and of the Territory.

"The question," says the Attorney General in conclusion, "whether or not the furnishing of intoxicating or fermented liquors by a club to its members in the manner above stated constitutes a sale in violation of laws prohibiting sales, or whether or not it constitutes a sale within the meaning of the law requiring a license before one can engage in retailing such liquors, has been the subject of various and conflicting decisions by a number of the appellate courts of the country. While the cases cannot be reconciled, the current as well as the weight of authority is undoubtedly in favor of the rule that the distribution and consumption of liquors in a club by its members in the manner above stated is a sale and a violation of the laws of the nature stated."

"It is therefore respectfully submitted that:

"All the authorities admit that the local statutes should govern on this question.

"That the organic act prohibits all sale of liquor within the Territory except under regulation prescribed by the Legislature.

"Our law is clear and distinct that no one can sell or dispose of liquor without a license."

Mr. Andrews touches upon the agreed state of facts in the case and concludes: "No set of men are above the law, or can claim special privileges denied to others of humbler origin."

The supplemental brief filed yesterday on behalf of the Pacific Club goes still further into the point of the passing upon the law by officers, the mere fact of whose membership in a club, it is claimed, warrants a certain construction of the law. In this document it is set forth that during the year 1902 the then Attorney General, E. P. Dole, rendered an opinion as to the liability of the Elks Lodge at Hilo to pay a license tax, and this paragraph follows:

"It is further submitted that the Elks Lodge in Honolulu has been supplying liquors to its members in the same manner as the Pacific Club; that the present Attorney General of the Territory of Hawaii has been a member of the said Elks Lodge for a number of years and fully cognizant of the manner in which liquor was supplied to members of the lodge; and that at no time has the present Attorney General held the Elks Lodge liable for a license fee, or brought any action to punish unlawful sales."
